KID COMICS MONTH!

Whether you're young or old, regardless of your tastes and interests, there's no denying the appeal of a well-written, well-drawn comic book or graphic novel. "Kids Comics" doesn't have to strictly mean "For Kids Only", especially when there's so much wonderful "All-Ages" content being created today which is perfectly suited for anyone to pick up and enjoy. You can find a selection of recommended titles on pages 202-203 of this issue, but there are plenty more to be found throughout our Print section — just look for the **KIDS COMICS** icon!

REMEMBER WHEN?

Everyone has a story about how they entered the world of comics. Typically, it's when we're kids, and the circumstances about how that first comic got into our hands are varied. Sometimes it was while the family was on vacation, and mom or dad bought a comic or two to keep the kids occupied in the back seat while they drove to wherever it was they were going. Sometimes, it was a sympathetic parent who brought their child comics while they were sick at home. That's what happened to me. It was 1971, and I was home from school with Chickenpox (so itchy!). Bored out of my skull and miserable, my mom brought home a stack of comics for me and changed the course of my life. When I saw *Creatures on the Loose* #11, featuring the Jack Kirby monster "Moomba", I was hooked. After that, I sought out all the monster comics I could find, especially the ones by that "Kirby" guy!

So, for those young ones out there waiting for their first comic, we once again celebrate **KIDS COMICS** month! But before you dismiss it all as kids' stuff, these comics and graphic novels are really best described as "All Ages" titles, because many titles created for a younger audience still can entertain and sometimes challenge even the most jaded of readers. The Children's and Young Adult categories in graphic fiction have exploded in recent years, and each month in **PREVIEWS** we prove again and again that there's literally something for everyone out there! In fact, do check out our recommended reading list of **KIDS COMICS** titles on pages 202-203 this month to see just a sampling of what's available! And then look for our **KIDS COMICS** icon throughout the issue for more great reads you can enjoy yourself, or better yet, share with your child or younger sibling!

Finally, don't forget to check out all of the great new titles that will be offered up for free on the aptly named **FREE COMIC BOOK DAY** on the first Saturday in May: *Saturday, May 4th* to be precise. And yes, it's also **STAR WARS DAY**, so it's like Fan Holiday x2! We have updated the listings to include new photos of all of the FCBD-exclusive products that will be offered at participating retailers on the 4th, and you're going to want to check out *Strangers in Paradise* creator Terry Moore's commemorative t-shirt, featuring his beloved *SIP* characters, Francine and Katchool! (Also available as a print and vinyl sticker!)

I hope you will find something great in this month's **PREVIEWS**, I know I did!

Romeo vs. Juliet: Pulitzer Prize Winner at Gemstone

The world's most famous lovers are now sworn enemies dueling to the death! On Free Comic Book Day, Saturday May 4, 2024, comic readers will find out what happens after the greatest tale of star-crossed lovers in *Romeo vs. Juliet: FCBD Edition* from Gemstone Publishing. Scripted by Pulitzer Prize-winning comic creator Anthony Del Col, this Elizabethan Western fantasy tale details how the lovers become enemies, and is the first part of the publisher's plans to bring the *Kill Shakespeare* series to existing and new comic readers.

To protect a border town harboring a magical secret from vengeful attackers led by her former love Romeo, a pregnant Juliet reluctantly reunites with former allies Hamlet, Othello, Puck, and others. The special Free Comic Book Day issue also heralds the redesign and rerelease of the acclaimed original *Kill Shakespeare* series in compendium format beginning in August.

Milestone Sets House Record with \$1.3M Toy Sale

Milestone's January 2024 auction was their first-ever toy sale to cross seven figures, finishing near \$1.3 million. The auction's top lot was an all-original and complete Exelo (Japan) battery-operated 'Mars' Explorer space car that sold for \$42,120, well beyond the \$15,000 estimate.

A 10" Yonezawa (Japan) windup Diamond Planet Robot, a very rare variation of the largest tin robot ever made, sold for \$34,440. The all-original 38-inch prototype for Marx's Big Loo Giant Moon Robot went for \$17,550. A 12" red version of IY Japan's tin motorcycle known as "Friendly" realized \$19,305 (crushing the \$5,000 estimate). A "Gun-Yo" military trike motorcycle and a "Welby" trike motorcycle each sold for nearly five times their estimate at \$14,040.

On a Mission with Yelena Belova

Yelena Belova is a master at martial arts and other fighting techniques, an expert marksman, and a master at many other weapons who uses her skills as a spy and assassin. She debuted 25 years ago in *Inhumans* Vol. 2 #5 (January 1999), as a creation of the team of Devin Grayson, J.G. Jones, Paul Jenkins, and Jae Lee.

Yelena was born in Moscow, trained at the Red Room, and became activated as a Black Widow when her trainer was murdered. After finding and executing his killer, she was sent on another mission that put her in the path of fellow Black Widow Natasha Romanoff. Rather than being confrontational, Natasha warned her against being blindly devoted to a country rather than her conscience. For a while, Yelena remained steadfast in her devotion, until her illusions were shattered by some of her missions and experiences.

Please tell us a bit about yourself!

I've been writing and drawing the Ringo Award nominated *Max Meow* kids' graphic novel series from Random House Graphic since 2020. I got my start in comics self-publishing the Harvey Award-nominated *Buzzboy*, and co-created *Roboy Red* with Rich Faber, from my own Sky-Dog Press. I'm proud to be a cofounder of "Kids Love Comics" (an organization that uses graphic novels to promote literacy), and lead workshops across the U.S. teaching kids how to create their own comics.

Why I love comics:

When I was five, my mom took me to the grocery store, and there I discovered a giant-sized *SHAZAM!* comic book, and the combination of words and pictures opened up my mind in amazing ways. I started drawing comics not long after that.

What are your favorite projects you've contributed to over the past decade?

Aside from *Max Meow*, which lets me combine my silly, dad-joke humor with super heroics (and cats!), I was psyched to draw an *Iron Man* story for *Marvel Super Stories*, from Abrams and Marvel. The idea was to tell someone's first introduction to the mythology connected to these great super heroes, from Spider-Man to Ms. Marvel to the Hulk and more. So, I really wrote that *Iron Man* tale as a story I was telling my 8-year-old self!

What are you currently working on?

I am finishing up *Max Meow Book 6*, to be called "*When Pancakes Go Bad—Really Bad*," and prepping a *Max Meow* spinoff series that is **TOP SECRET!** Don't tell!!!

What fun titles are you reading?

I am a huge fan of Dynamite's Disney books, especially the *Gargoyles* (Vol. 1: *Here in Manhattan TP* / SEP239346) series, which masterfully rides the line between the animated series from years back, while creating intriguing new content that can be enjoyed by everyone. I am also reading *Tom Holland's Fright Night* (#1B / AUG211439) from American Mythology — Neil Vokes is one of the great underrated comic artists out there, and his style matches the dark humor — and horror — of the original cult movie (that I had to sneak into as a kid). Finally, as a lifelong fan of the character, Massive's *Zorro: Man of the Dead* (#1A / NOV230899) by Sean Gordon Murphy is a cool combination of the classic swashbuckling hero, with modern cartel crime.

USER'S GUIDE

There's a *lot* of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

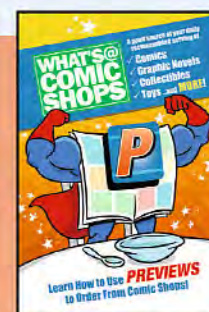

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask

your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

IN A WORLD FALLING APART AT THE SEAMS, CRIME STILL TEMPTS IN BOOM!'S *CROCODILE BLACK*

Pandemics. Rising oceans. Climate collapse. Famine. Migration. The future looks bleak for Danny, a young delivery driver in a world coming apart at the seams. In a world without opportunities, without a future, he takes what pleasure he can where he can find it, trying to make for himself some meaning and some hope. And when he spies a pair of black, crocodile skin boots, something changes in him, and a life that suddenly seemed hopeless finds a new purpose, to claim those boots for himself.... Phillip Kennedy Johnson returns to BOOM! Studios with a near-future, dystopian crime comic, *Crocodile Black*, illustrated by Somnath Pal. Even in a world without a future, some things are still worth killing for.

In May 2024, the pulse-pounding **GUN HONEY** series, written by the mind behind Hard Case Crime, **CHARLES ARDAI**, returns with **GUN HONEY: COLLISION COURSE**. Joanna Tan – the elusive **GUN HONEY** – is back in a new action-packed adventure that will see her face her greatest challenge yet.

We interviewed Arдай about **COLLISION COURSE** and the creative process behind the sizzling **GUN HONEY** franchise.

CHARLES ARDAI *GUN HONEY: COLLISION COURSE*

Hello Charles. The last time we saw Joanna Tan, she was pulling a vanishing act in *HEAT SEEKER: A GUN HONEY SERIES*. How do these two series connect in Joanna's story?

In *HEAT SEEKER*, Joanna hired her ex-girlfriend, Dahlia Racers, to help her disappear from government agents who wanted to kill her – and when *GUN HONEY: COLLISION COURSE* opens Joanna has been in hiding for nearly a year. But the time has come for her to reappear, risking her life to turn the tables on her enemies.

Joanna wasn't alone when she was in hiding – also with her was her ally-turned-love-interest, Brook Barrow. How does *Collision Course* develop their relationship?

Brook is with her when the story opens, but as often happens, they get separated over the course of the adventure. The question is, when he reappears, will Joanna still be able to trust him with her life...?

This is the fourth installment in the *GUN HONEY* franchise. How do you up the ante each time?

How does each new *MISSION: IMPOSSIBLE* movie up the ante? Each new *JAMES BOND* movie? More exotic locations, bigger stunts, higher stakes. Joanna's actions could have global implications this time, and the story takes her from Borneo to Japan to Mongolia and the Gobi Desert before reaching its climax at the Paris Olympics. The scale of the story is awesome – if you wanted to film it, it would probably cost \$100 million.

What have been your creative influences for this series?

Certainly those two film series I mentioned, *JAMES BOND* and *MISSION: IMPOSSIBLE*. Also stories with kickass female leads such as *MODESTY BLAISE*, *ALIAS*, and *KILL BILL*, not to mention the *ALIEN* and *TERMINATOR* movies. Add the empowered sex appeal of characters like *BARBARELLA* or *LARA CROFT* and you've got some of the influences for *GUN HONEY*.

The *GUN HONEY* comics are always filled with exciting and fast-paced action sequences. How do you work with artist Ang Hor Kheng to create these scenes from script to page?

Ang has a terrific eye and a style that calls to mind the young Frank Frazetta. I know he's going to take what I describe and turn the knob to 11. There's a full-page explosion in Issue 3 that practically jumps off the page – I wrote "An enormous orange fireball explosion...Fragments of stone and gouts of sand go everywhere. It looks like the end of the world." And by god, when Ang was finished, it looked like the end of the world.

Describe what fans can expect from *GUN HONEY: COLLISION COURSE* in three words.

Big! Beautiful! Breathless!

On the interplanetary ark *Dodona*, life is controlled according to the edicts put in place hundreds of years ago. But when a pilot named Revla falls through the vents and out of her privileged life and lands deep within the belly of the ship, she meets a worker named Les, and everything about their society is questioned.

Each chapter tells a new story of love and rebellion at a pivotal moment of humanity's greatest adventure. Across the centuries, factions rise and fall, political movements gain and lose power, and society changes both for the better and the worse, all within the microcosm of the spaceship *Dodona*. The only constants: hope for the future and the persistence of the human heart.

Greed and corruption flourish in the darkness between stars. With the territories of the Galactic Federation spread far and wide across the vastness of space, pirates and hijackers ransack the distant colonies with cruel disregard for the innocent scientists living within them.

Yet there is a cosmic vigilante who metes out justice throughout the galaxy, bringing vengeance to those who prey upon the defenseless.

Some say he is a policeman who has abandoned the strictures of the law. Others say he is a phantom, the sole survivor of a war-torn planet. And those who have survived his wrath claim he is more a force of nature, able to bend the very elements of Creation to decimate his enemies.

They call him the SPACE GHOST — and his adventures begin here!

Award-winning writer DAVID PEPOSE (*Punisher*) and superstar artist JONATHAN LAU (*Vampirella Strikes*) kick off this action-packed series with a surprise attack on Space Colony Omicron — home of the brilliant scientist Dr. Jerrod Kepler and his young children, Jan and Jace, as well as their pet monkey, Blip. With the colony's defenses overwhelmed, all seems lost — but these ruthless pirates didn't count on the wild card that is Space Ghost!

This debut issue also includes covers from some of the finest artists in the known universe — including FRANCESCO MATTINA, JAE LEE & JUNE CHUNG, BJORN BARENDs, and MICHAEL CHO!

SPACE GHOST CLASSIFIED DATA:

- The original *Space Ghost* animated series — designed by visionary comics artist Alex Toth — was produced by Hanna-Barbera in the 1960s for the CBS television network.
- The show debuted in September 1966, and the character of Space Ghost was voiced by Gary Owens, who was best known as the announcer for *Rowan & Martin's Laugh-In*.
- In the original series, Space Ghost was an intergalactic crime fighter from the Ghost Planet. He had the ability to become invisible (referred to as "Inviso Power") using his special belt, and he could also fly and survive in space. His principal weapons were power bands on his wrists, which displayed multiple beam-based attacks including heat, cold, magnetism, energy, and force, among others.
- Space Ghost's sidekicks were Jan (voiced by Ginny Tyler), Jace (voiced by Tim Matheson), and their pet monkey Blip (vocal effects provided by Don Messick).

DAVID PEPOSE INVITES FANS TO ADVENTURE WITH *SPACE GHOST*!

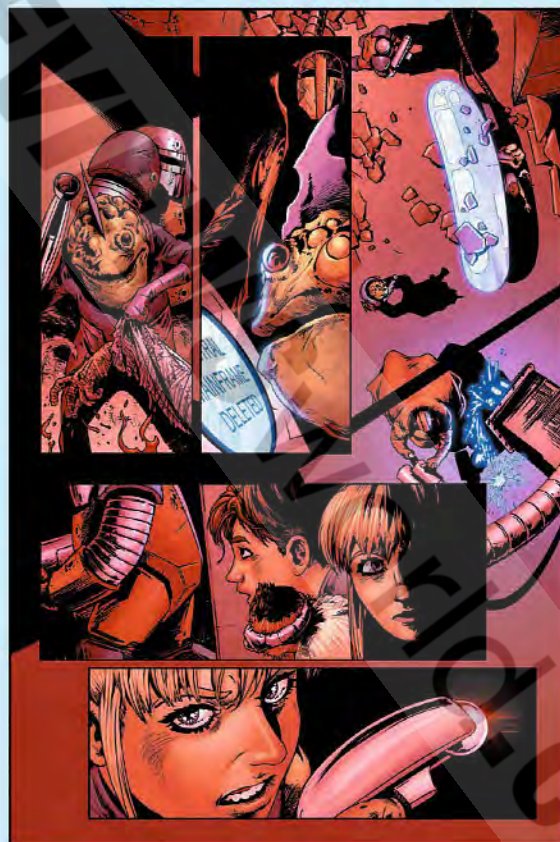

Space Ghost is a really interesting character, and multiple generations of fans have gotten to know him in different lights, from the original Hanna-Barbera style to the comedic take of *Coast to Coast*. We understand this new series is largely based on the former, but how would you describe your approach to the character here?

I'm so excited to be diving into the world of Space Ghost! When Dynamite first approached me about tackling this series, I was immediately struck by the sheer amount of raw material we had to play with — the cartoons were immensely stylish and a heck of a lot of fun, but they never had the time to develop those characters beyond their powers and the roles they played in each episode. So we're taking those classic vibes and using them as a starting point to dig even deeper into the characters than the original cartoons were ever able to.

For me, one of the most exciting elements of *Space Ghost* was that there was never any set continuity, no established backstory as to why Space Ghost does what he does, or how Jan, Jace and Blip came into his orbit. And as I followed that thread, I realized that there was a really powerful Space Ghost story just waiting to be told — the story of a hero trying to move forward in the face of heart-wrenching tragedy, and two orphaned sidekicks who wind up giving him the meaning he's been searching for all along. Not to mention a galaxy-spanning conspiracy and a murderer's row of the coolest villains you've never heard of. At the end of the day, Space Ghost fans are going to feel at home with the character in his world, and they're going to get an exciting, brand-new story that's never been told before.

He's not quite a typical superhero, but obviously Space Ghost takes a lot of his DNA from the genre and its tropes. He can fly, turn

Interior art by Jonathan Lau

Interior art by Jonathan Lau

invisible, and use his power bands for multiple different kinds of beams — plus the whole surviving in space bit is a pretty big deal. What kinds of challenges are you planning to present *Space Ghost* with in these new tales?

One of my favorite elements of the original *Space Ghost* series is his incredible roster of villains — with a rogues gallery like Zorak, Metallus, Brak, the Spider Woman, Creature King, and Moltar, I've always felt *Space Ghost*'s bad guys are just as diverse, interesting, and memorable as anybody that Batman, Spider-Man, or the Flash might face.

And as I dug deeper into the heads of *Space Ghost* and Jan and Jace, I saw it as a challenge and a responsibility to do the same thing for his iconic villains — we're going to be expanding upon their unique personalities, powers, and skill sets in a big way as we show readers why these are the most fearsome criminals in the galaxy. Expect to see plenty of fan favorites over the course of this book, as well as a few deeper cuts you might not expect.

The character has such a deep legacy, going back to being designed by the legendary Alex Toth. In preparing for this project, did you explore some of the earlier material of the franchise, and are you pulling any particular influences?

Yes, I did! To get myself fully immersed in the *Space Ghost* universe, I watched every single episode of the original 1966 animated series, as well as the 1981 revival run in *Space Stars* — not to mention reading every single comics appearance of *Space Ghost* I could get my hands on. And in so doing, I asked myself a ton of questions: Why does *Space Ghost* do what he does? How do his Power Bands work, or his Inviso-Belt, and what are the rules behind these powers? And how did *Space Ghost* wind up with two young sidekicks in the first place?

But beyond that, I also drew a ton of inspiration from across the comics medium and beyond — from Alex Toth's original design sketches to books like *Batman: The Long*

Halloween, Lone Wolf and Cub, Robin: Year One, Astro City, and Teen Titan to sci-fi movies like *Star Wars* and *Star Trek*, and so much more. It's really been a labor of love to produce!

You've recently been making a splash with titles like the *Punisher*, *Moon Knight*, and your critically acclaimed creations like *Spencer & Locke* or *The Devil That Wears My Face*. For readers who may be less familiar with your work, do you feel you have an elevator pitch of sorts on how you approach writing comics?

Thank you so much for the kind words! I like to think my work has plenty of action to keep readers engaged, but it's always anchored by an emotional core — often through characters who are dealing with grief or guilt, and who are trying to soldier their way through. And I think *Space Ghost* is the perfect character to explore themes like this — when we first meet him, he's very mysterious, almost a force of nature, but as we spend more time with him, he's going to evolve and change in some really cool ways.

My biggest goal is to make readers feel something, whether it's making them laugh, making them cry, or making them sit on the edge of their seats — and I think with *Space Ghost*, we've got a lot of really fun elements to make sure fans are emotionally invested. We've got plenty of exciting set pieces to punctuate our series, but at the end of the day, it's about exploring the characters first and foremost, in a real and fully developed way that honors the source material.

As mentioned, *Space Ghost* has an artistic legacy that includes the likes of Alex Toth, Steve Rude, Ariel Olivetti, Alex Ross, and others; how do you feel Jonathan Lau fits into that pantheon for this new era?

I've been a fan of Jonathan's since his breakout work on *Green Hornet*, and he's got such a distinct visual style that is a perfect fit for this new run. He brings such a wonderful sense of movement and energy to his pages, but he never forgets that almost ethereal quality that *Space Ghost* brings to a scene. When I saw his initial pages, I was particularly heartened to see that Jonathan didn't relegate Jan and

Jace to the margins, but had them as active characters alongside *Space Ghost* — this is ultimately an ensemble book at its core, and working with someone as attentive to those nuances as Jonathan has been a real treat.

In addition to *Space Ghost* himself, returning fans will be familiar with some of his usual supporting cast like Jan, Jace, and Blip. Can readers expect to get some face time with them, and will there be some fun new characters in the crew?

Absolutely — I'd even say that Jan, Jace, and Blip are the heart and soul of our book. While we've got plenty of exciting sci-fi action in this series, *Space Ghost* is really a story about how this unlikely team's dynamic evolves into something more like a found family. Jan and Jace's backstory will mirror *Space Ghost*'s in some particularly poignant ways, and we'll see much of these adventures through their eyes as we watch *Space Ghost* transform from mysterious defender of the cosmos to a surrogate father figure in his own right.

I'll add that Jan and Jace are super-fun characters to write — I love getting to explore Jan as the resilient and thoughtful leader who won't take any guff from *Space Ghost*, while Jace is the impulsive class clown with a real knack for technology. And let's not forget Blip — he's a very important part of the series beyond being the twins' loyal pet, and I've got an issue planned for him that'll break your heart. At the end of the day, they're all reflections of one another. When I first pitched this book to Dynamite, I said this is the story of how *Space Ghost* finds his humanity again — and without spoiling too much, I'd say that Jan and Jace are the key to his redemption.

After being ghosted by Aphrodite, Hercules suspects that the goddess of love may have been the victim of malevolent forces. But before he can investigate much further, he's tasked with another Olympian mission — this time on behalf of Aphrodite's husband Hephaestus, god of the forge, who enlists Hercules to track down a clockwork war machine that might be responsible for his wife's mysterious disappearance.

However, when Hercules — joined by the always-helpful Phil and the newly incarnated Galatea — pursues the rogue automaton, Hephaestus goes missing as well. And while losing one god could simply be bad luck, losing two in as many days seems more like a conspiracy!

Crafted by the divinely inspired team of Emmy Award-winning writer ELLIOTT KALAN (*The Daily Show*) and *Gargoyles* artist GEORGE KAMBADAIS, *Hercules #2* also features classical covers by KAMBADAIS, MATTEO LOLLI, FRANCESCO TOMASELLI, and ALESSANDRO RANALDI!

writers: Brandon Sanderson, Rik Hoskin
artists: Julius Gopez, Fritz Casas, Julius Ohta

The epic tale by *New York Times* best-selling author Brandon Sanderson returns in an incredible deluxe anniversary omnibus edition! Celebrating five years since the title's debut, we have collected all three volumes of this seminal tale into a massive, nearly 500-page tome that tells the complete story in a single beautiful trade paperback.

On the planet of Taldain, the legendary Sand Masters harness arcane powers to manipulate sand in spectacular ways. But when they are slaughtered in a sinister conspiracy, the weakest of their number, Kenton, believes himself to be the only survivor. With enemies closing in on all sides, Kenton forges an unlikely partnership with Khriiss — a mysterious Darksider who hides secrets of her own. Assassins are coming for them from all directions, and Kenton's only true ally is Khriiss, a visitor from the other side of the planet who has an agenda of her own to pursue.

Written by BRANDON SANDERSON and RIK HOSKIN and illustrated by JULIUS GOPEZ, FRITZ CASAS and JULIUS OHTA, this mesmerizing saga will captivate you with powerful characters in an uncanny world that only a master storyteller like Sanderson can deliver!

Presented as a child's primer book for maths, *I CAN COUNT TO TEN* is without doubt the single most completely useless teaching aid for anyone looking for a book to teach them how to count to ten. What starts as the cutest counting book in the history of education, soon descends spectacularly into the single goriest, bloodiest, and funniest non-teaching aid **EVER**, that somehow manages to shoehorn in a sinister government conspiracy and an alien invasion into a gentle tale of a bunch of loveable numbers introducing themselves in order.

ARCHIE COMICS:
JUDGMENT DAY

CREATOR FEATURE: **AUBREY SITTERSON & MEGAN HUTCHISON**

AS: When Jamie came to me for Archie Comics: Judgment Day with a concept and promise that we would have the freedom to do it right. Megan and I have yet to find the limits

of that freedom—despite our best efforts—resulting in something far darker, stranger, and more challenging than you're accustomed to seeing on the racks.

Of course, the residents of Riverdale are iconic pieces of pop culture, but, truthfully, comics is filled to bursting with iconic characters. What makes working with Archie so special is the creative freedom they offer and the confidence in their creators to realize their visions. In this case: a bleak, violent, emotionally wrought psychodrama featuring America's Favorite Teenagers.

ABOUT THE AUTHOR

AUBREY SITTERSON is a Los Angeles-based writer who has written comics for every major US publisher as well as for internationally recognized licenses. However, he remains best known for his creator-owned work, including the fantasy romance *Savage Hearts*, the science fiction detective story *The Worst Dudes*, multiple volumes of the fight comics soap opera *No One Left to Fight*, the successfully crowdfunded *BEEF BROS* and *Stoned Master*, and the only comprehensive history of The One True Sport, *The Comic Book Story of Professional Wrestling*.

MH: I've been reading Archie since I was a kid and being able to work on an Archie title is such an honor. Archie verses crazy demons?! I was

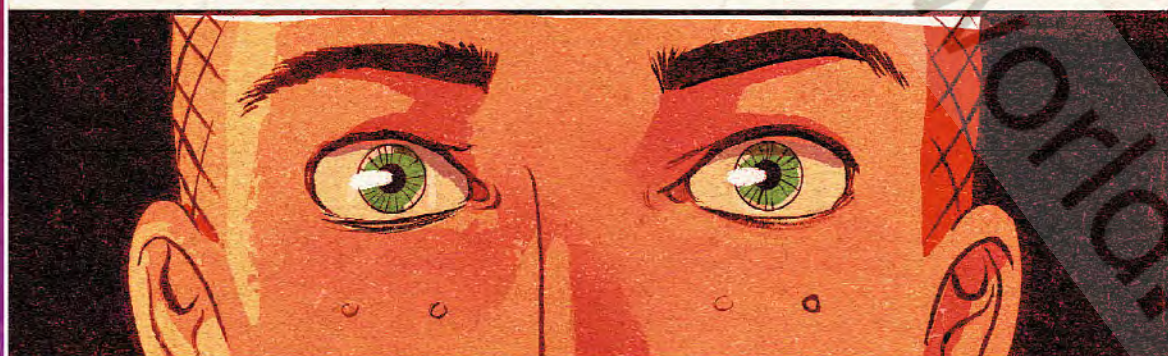

born for this! You know it's going to be good when I turn in sketches and editorial is asking me to make it darker, weirder, and more violent. Pinch me I'm dreaming! Also working with Aubrey has been an absolute delight—our process like two kids in their parent's basement looking at horror magazines and making up gory stories about characters we love. I'm so grateful that the whole creative team allows me to bring in my occult-witchiness to this project.

ABOUT THE AUTHOR

MEGAN HUTCHISON is an Austin-based illustrator who has published books with Archaia, Vault and Image comics as well as covers for DC, Boom! Entertainment, Valiant Entertainment, and IDW. With a background in film, she continues to do illustrations for tv, film, and music videos. When she isn't drawing, she's spoiling her dog, Bats, or reading tarot cards and howling at the moon.

EXPLORER VOLUME 2: LOST ISLANDS SC (NEW PRINTING)

(W) Kazu Kibuishi, Various
(A) Kazu Kibuishi, Various
Seven author/artists tie their scary or exhilarating nautical adventures to metaphorical underpinnings. Captain Ahab-like obsession with catching the big one leads a sailor into a cave that is really a giant mouth. One young castaway meets a crab ghost. Another meets someone she never expected to see: an older version of herself. A young island girl is lured to join tiki-masked celebrants who turn out to be dead.

Beautifully drawn, each artist works in a different style, but all share humor, suspense, and a buoyant tone. Young readers will be entertained, and maybe a little scared, by this one-of-a-kind, alone-on-an-island tales of mystery and magic. (STL313971) (C: 0-1-1)

YOUNG HAG AND THE WITCHES QUEST GN

(W/A) Isabel Greenberg

Once there was magic in Britain. There were dragons and wizards and green knights and round tables and kings that pulled swords out of stones. But now, the doors to the Otherworld have closed, and the magic is gone. All that is left are the stories of those bygone days. Young Hag, her mother and her grandmother, Ancient Crone, are the last of the witches in Britain. At least, that's what Ancient Crone says.

Young Hag has grown up hearing those tales and believing in her power of her Grandmother. But when tragedy strikes, and their world is shaken, Young Hag turns her back on magic. She is sick of the tales of family curses, faerie doors, lost magic,

and ancient swords. If they are witches, where is their magic when they really need it? And then one day they find a changeling baby in the woods. Confronted with real magic at last, Young Hag has no choice but to believe. She sets off on the greatest quest of her life; to bring the magic back to Britain. But when faced with magic and myth, can Young Hag put aside her doubts and fears? (STL311895) (C: 0-1-0)

After Cloud Puppy finds out that her favorite author will be a guest at the local comic book convention, she and Berry Rose decide to attend in home-made costumes. But when they

both insist on dressing up as the same character, Cloud Puppy and Berry Rose have their first fight ever! Now, they're going to the convention separately. Will these feuding friends be able to make amends? (STL311059) (C: 1-I-0) SC, 6x9, 160pgs, FC\$12.99

Casimir is a man with a past and Abe is in his future; maybe in everyone's future. Otis is a grief-stricken android on a road to enlightenment. Groob is fun-loving and the salt of the earth. In this futuristic dark comedy by Eisner and 'Ringo Award-winning writer Mark Russell, life and death are ruled by social media. One too many dislikes...and you're dead. When Arnold awakes from a coma twenty years into the future, he discovers that government is a thing of the past and society is now entirely ruled by social media. *Literally.* Enough "likes" and "upvotes" can unlock fame and fortune but — *watch your step!* — enough "thumbs down" clicks and the nifty metal collar around your neck explodes — and you're dead. Now, confused and running on his last Like, Arnold must navigate a hazardous obstacle course in which social media cliques provide the only safe refuge, aware that the slightest online misstep can be fatal.

There is something ancient and terrible loose in the world of men. Something that hates them with burning passion, that bears a grudge born of ten thousand years. Something that wants its revenge. NYPD Detective Amy Sun has a problem: Three years ago, a young woman was rescued from a serial killer by a police tactical unit. Now she's dead, and Amy has a bad feeling that the SWAT team leader is responsible. As she investigates the existence of a corrupt cabal within her own precinct, Detective Sun soon discovers that there is something else on their trail — a force of vengeance older than the human race itself has awoken, invoked by the tormented murder victim in the weeks before she died, and is out for the blood of the guilty, who soon find themselves suffering a fate more gruesome than anything they could have dreamed of. The Ribbon Queen has come to New York City...and when she learns the truth, Amy is not at all certain that it should be stopped.

"Ennis and Burrows have created a haunting world filled with corrupt cops and super-natural forces that keep readers invested from beginning to end." — Capes & Tights

"Terry significantly altered and dominated the landscape of the newspaper comic strip. [Caniff's] work is notable for its reliance on character instead of plot to dictate the action. The other thing Caniff brought to the comic strip was sex. Terry's female characters practically oozed sexuality in a way that previous strips had never dared."

Writer/Artist: **Milton Caniff**

The saga continues in *Terry and the Pirates* Volume 8, reproduced from Milton Caniff's personal set of color syndicate tabloid proofs!

When the Sandhurst women find themselves on their own behind enemy lines, their privations finally end in the same U.S. Army camp hospital where Terry Lee is recuperating! Terry has happy encounters with nurse Taffy Tucker and aviator Flip Corkin, and a less-pleasant encounter with the conniving redhead known only as Rouge!

MOOMIN'S DESERT ISLAND GN
(W/A/CA) Tove Jansson
After a disastrous helicopter ride through a thunderstorm, the entire Moomin family is stranded on a desert island, the very island their ancestors came from! They make the best of it, hunting for their supper, exploring mysterious tunnels, and salvaging items from a wrecked pirate ship (including the Mymble!), but their ancestors don't let them live in peace and quiet for too long. Soon the whole island will have to deal with the explosive consequences of their ancestors' misbehavior. (STK624815)

DUTTON BOOKS FYR

BREATHE: JOURNEYS TO HEALTHY BINDING SC

(W) Maia Kobabe,
Dr. Sarah Peitzmeier
(A) Maia Kobabe
A graphic guide to chest binding with real-life stories and research-backed advice from best-selling *Gender Queer* author Maia Kobabe and University of Michigan professor Sarah Peitzmeier. *Breathe* arose from the need for an evidence-based resource for folks considering chest binding as gender-affirming care. Its original form was a 32-page digital-only 'zine, but Peitzmeier and Kobabe saw potential for reaching a wider audience with an expanded version with more art and more exploration of what the research really shows about binding, designed to be easily readable as a

printed book. Peitzmeier and her research team interviewed many people of different ages and backgrounds about their journeys with binding. The result is both a practical resource for trans and nonbinary folks and an engaging and perspective-broadening read for anyone interested in what it means to be on a journey of expressing one's gender in the ways that are joyful, healthy, and affirming. THE BLOOD BROTHERS MOTHER #1

BY BRIAN AZZARELLO AND EDUARDO RISSO

NEW SERIES DEBUT FROM THE TEAM BEHIND *100 BULLETS*!

In the old West, three children set off across the wild Texas frontier to rescue their mother—kidnapped by ruthless outlaws who gunned down their preacher father. Throughout their journey, they'll face the harsh elements of an unforgiving landscape, deadly animals hungry for blood, merciless bounty hunters and so much more...all in a relentless quest to rescue their family.

They'll learn the terrible cost of revenge—not just in lives, but in how it stains a soul. While revenge may be satisfying in the moment, it leaves a yearning behind that lasts a lifetime. And once you taste it, nothing else is ever so sweet.

In the tradition of *The Searchers* and *Blood Meridian* comes a brutal new western series from the Eisner award-winning team behind *100 BULLETS* and *MOONSHINE*!

ONE FOR SORROW #1

JAMIE MCKELVIE IS BACK WITH HIS FIRST SOLO CREATOR-OWNED PROJECT IN OVER A DECADE!

London, 1900. The capital hums with the energy of the new era, but something darker lurks beneath the surface. A monstrous figure stalks the city's criminal underworld at night, leaving a trail of bloody corpses in its wake. Rumors about the mysterious killer spread like wildfire. It's a demon. A phantom. An angel of vengeance.

Nothing can kill it. Nothing can stop it. And once it picks a new target, well, he better have a coffin picked out, because he's already dead.

The only clue that a baffled police force has to work with is the black and white feather left on each corpse, leading the press to dub the killer The Magpie. Is The Magpie killing at random, or is there a pattern that no one else can see? Three individuals, strangers to each other, might together have the answer.

The artistic mastermind behind THE WICKED + THE DIVINE, CAPTAIN CARTER, and CATWOMAN: ONE BAD DAY is back with a new comic unlike anything he's created before. ONE FOR SORROW is an intensely stylish, supernatural suspense thriller, full of kinetic action, bloody revenge, and ghostly mystery.

DICKIE: NATURAL BORN LOSER HC

(W/A) Pieter de Poortere
Dickie is a loser. He is constantly betrayed by his own shortcomings, desires and naivety, crushed by the indifference of the world in these one-page wordless cartoons. Originally published in Belgium over 20 years ago under its Flemish name "Boerke" by Nannuq.be, Dickie is well known for pushing boundaries and challenging traditional comic norms. Pieter de Poortere's storytelling skills and creative genius have earned Dickie a devoted following and critical acclaim. Now this wonderful humour and pathos can also be enjoyed in silent English! After conquering the world of publishing, Dickie now appears in his own animated series based on the books which aired on Adult Swim in over ten countries and can be found on YouTube. All their lives, Yasmine and Djibril Morissette Phan have heard of their mother's old country, Vietnam. But it was more a far distant land with lots of folklore more than a real place in their minds. So they went on a journey to uncover their past, from Vietnam to California.

Too often, immigrants bring fragments of their culture with them, pass them on to their seeds, but the reality remains sketchy to those descendants. Yasmine and Djibril decided to reconnect with their mother's ancestral home and confront themselves with the realities of Vietnam. What they found will leave them changed forever. KHIÊM is a poignant story about the past, the present and the future. About generations. About reconnecting with your own roots.

A dramatic departure from his work on **BLACK WIDOW**, **ALPHA FLIGHT**, **GLITTERBOMB** or **HISTORY OF SCIENCE-FICTION**, Djibril Morissette Phan delivers a raw and emotional volume unlike anything you've ever read.

Mike Sekowsky, et al.

\$49.99 / HC / 336 pgs / FC / 8.75" x 11.6"

In 1951, in the vein of Buck Rogers and Flash Gordon, Atlas Comics launched their own pulp hero set in the futuristic year 2000, Captain Jet Dixon. Then, in 1953, Hank Chapman and Joe Maneely gazed further into the future (2075), envisioning the adventures of *Speed Carter, Spaceman*. Unseen in 70 years, scanned in high resolution, restored to perfection, and packaged as one extra-sized, beautiful hardcover volume, *In the Days of the Rockets* will open a wormhole to the early Cold War four-color era of futuristic science fantasy.

DELIGHTS: A STORY OF HIERONYMUS BOSCH

By Guy Colwell

\$29.99 / HC / 168 pgs / BW / 8" x 10.75"

In his first full graphic novel in over 30 years, Guy Colwell explores the story behind Hieronymus Bosch and his most famous work in sequential panels. In Colwell's version, Bosch is an artist paid to paint a vision of the world before the fall, but will the religious leaders see it as celebrating God's creation, or fatally corrupted by sensuality? This imaginatively conceived graphic biography is Colwell's crowning achievement in a cartooning career begun in the underground comix of the 1970s and marked by risk-taking and political engagement.

Powerpaola's memories arrive abruptly and leave just as fast, creating a pathway through herself she can only find in moving forward. *All My Bicycles* is a glimpse into how exploring these fleeting tangible moments—of physical objects, of traveling and seeing a new city, of even the end of a relationship—is an exploration of self.

HURRICANE NANCY

By Nancy Burton

\$30.00 / SC / 112 pgs / FC / 9.5" x 12.5"

Nancy Burton was among the earliest 1960s underground cartoonists, creating comic strips under the pen name "Hurricane Nancy" among others. Burton stopped making art in the early 1970s until 2009 when she began posting artwork online. *Hurricane Nancy* is the first collection of Burton's work ever published and reprints many of her comics and drawings from the 1960s in addition to her more recent work. Burton talks about the origins of her pen names, encounters with Timothy Leary and the Grateful Dead and explains why she stopped making art entirely in the 1970s. *Hurricane Nancy* is both a retrospective of a significant artist in the history of comics as well as a first-person account of a fascinating moment in counter-cultural America.

THE LOST WORLDS OF GEORGE METZGER

By George Metzger

Explore a feudal landscape in steam-powered vehicles, soar the skies in anachronistic airships and hitchhike back to nature with the hippies. It's all here in this long-awaited anthology of George Metzger's most iconic (and idiosyncratic) comics creations — including two never-before-seen stories rediscovered after missing for decades!

THE OVERSTREET COMIC BOOK PRICE GUIDE TO

LOST UNIVERSES

2ND EDITION

BY ROBERT M. OVERSTREET & J.C. VAUGHN

LOST UNIVERSES OFFER AFFORDABLE ADVENTURES

Timothy Truman's SCOUT

From the pages of *Starliner*, *Grimjack* and his graphic novel *Time Beavers* onward through his career, writer-artist Timothy Truman has offered readers hard-boiled action and no small amount of grit. It was at Eclipse that Truman created what is perhaps his signature title, *Scout*. And while Eclipse as a whole was clearly a non-universe, *Scout* and its spin-offs describe a single coherent reality.

"I'd always been interested in Native American culture when I was growing up. My great-grandmother on my father's side was a full-blooded Cherokee, and I'm sure that played a part in it. In college, the interest intensified, and I started reading a lot of scholarly studies and histories about various Native American tribes. Finally, my wife Beth purchased a big, thick book by a historian named Arthur Halsey called *Apaches: A Culture and History Portrait* and gave it to me for my birthday. That book really set the scene for coming up with *Scout*. I became intensely interested in Apache culture. It was the Reagan era, so, as an unrepentant leftist, I saw things going on around me that concerned me quite a bit. So, I speculated about what might happen if these things were allowed to progress and eventually pictured this bleak future where America had basically become an impoverished third-world nation. It seemed to me that the only person who might have any sort of hope of existing in such a future would be someone with these old school traditional Apache cultural ideals that I was reading about. So, before I knew it, the whole scenario for the *Scout* series appeared, Truman said.

"The story takes place in the near future in a sort of ravaged, impoverished, dystopian United States. The country has split off into various smaller states or governments, the main one being centered in the American Southwest, called New America. The star of the series is an Apache named Emanuel

Santana who is AWOL from a special Army training program. Scout learns, or at least thinks, that he is the reincarnation of the mythical Apache hero, Child of Water, and that it's his mission to destroy the four Monsters of Apache legend. The monsters have taken the form of four businessmen and statesmen aligned with acting President, Jerry Grail – himself a former pro-wrestler. The reader never knows whether or not the Monsters are real or just a figment of Santana's imagination," he said.

LAST PUBLICATION:

REVIVAL(S):

graphic novel (TBD)

Scout #1 (September 1985) kicked off the original series, which ran 24 issues and concluded in October 1987. *Swords of Texas* #1 kicked off a four-issue mini-series that same month, and *New America* #1 launched another four-issue mini-series the following month. 1987 also saw the release of the *Scout Handbook*. *Scout: War Shaman* #1 (March 1988) launched a 16-issue run that concluded in December 1989.

"The second series, *Scout: War Shaman*, takes place about a decade or so after the first series, chronologically, during which time Scout married and had two small children, Tahzey and Victorio. After his wife dies, he and the boys set out on a trek across the southwest. Most people were really taken with the second series, the fact that you have this outlaw who has been branded a terrorist by the government, who is on the run and must worry about the welfare and safety of his two small children. In what was a pretty dramatic step for the time, at the end of the series, Scout dies. One boy, Tahzey, is adopted by one of Santana's allies, a militant missionary named Rev. Sanddog Yuma. However, the fate of the youngest boy, Victorio, is uncertain. When we last see him, he's very much alone, hiding in some rocks. Keeping his fate uncertain was a deliberate move on my part, as readers will hopefully discover in *Scout: Marauder*, Truman said.

LOST UNIVERSES

LOST UNIVERSES

During the pandemic, we saw staggering new record prices established, only to have them fall at the next major auction. We've seen multiple comics sell for \$1 Million or more. We've seen the goals of collecting every Marvel or DC become virtually unattainable for anyone starting out now.

But this is no time to be discouraged! LOST UNIVERSES might be the answer to the question "What should I collect now?"

As long time readers know, *The Overstreet Comic Book Price Guide* has never been in the business of predicting where the market will go. I've been asked to do that many times, and it's just never been our thing.

We reflect the market. We don't dictate to it, speculate on it, or direct it. That doesn't, though, mean that we don't see things from which we can draw some conclusions.

When things are expensive enough that they move out of our price range, market forces suggest that we will look for something less expensive. While we have indeed seen volatile prices in recent times, there are still many, many accessible, affordable comic books to be had on the back issue market. And many of them are gateways to incredible storytelling and offer new universes to discover.

The second book in our LOST UNIVERSES line is in PREVIEWS this month. We hope you'll check it out. It's a gateway to some truly great comics.

SPOTLIGHT ON

THE FLAVORS OF IRAQ: IMPRESSIONS OF MY VANISHED HOMELAND GN

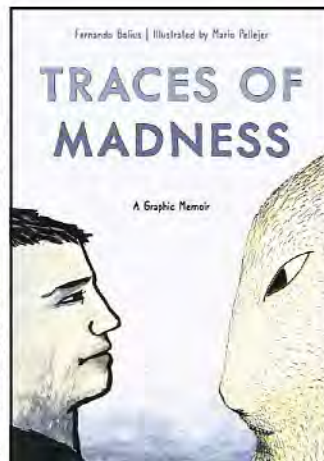

(W) Feurat Alani (A) Leonard Cohen
Originally published in French in 2018 and winner of the Prix Albert Londres, this unique graphic novel provides a glimpse of the devastating changes inflicted on Iraq in the aftermath of the American invasion. During the summer of 2016, distraught and disappointed by how Iraq is described in the media, French-Iraqi journalist Feurat Alani posted over 1,000 tweets in which he told the world about his Iraq. Feurat grew up in Paris, but spent many childhood summers in an Iraq that he watched fall apart under the dictatorship of Saddam Hussein. As an adult, he reports from an Iraq under American occupation, and discovers the sounds and silences of war. *The Flavors of Iraq* is an intimate and discerning look at a battered country from first a child's, then a young man's perspective. Together with

Leonard Cohen's superb illustrations, the result is a poetic and powerful story of a different Iraq. (STL298205) (C: 0-1-1)

TRACES OF MADNESS GN

(W) Fernando Balius (A) Mario Pellejer
Fernando Balius was a perfectly ordinary, if misunderstood, young adult—until he started hearing voices. In *Traces of Madness*, Fernando describes what it feels like, both mentally and physically, to lose your grip on reality. His life spins out of control when the voices he hears inside his head, depicted in the narrative as a monster, work to destroy his self-esteem and, worse, urge him to hurt himself. Various psychiatric diagnoses and prescribed medications do more harm than good, prompting Fernando to question whether stifling his voices is truly the right path for him. Throughout his experiences, he finds that his connections with others lend him the strength to survive. (STL298206) (C: 0-1-1)

The Witch Boy meets Stargazing in *Lunar Boy*, a debut middle grade graphic novel by twin creators Jes and Cin Wibowo, which follows the story of Indu, a young trans boy from the moon in this touching coming-of-age story. Indu, a boy from the moon, feels like he doesn't belong. He hasn't since he and his adoptive mom disembarked from their spaceship—their home—to live on Earth with their new blended family. The kids at school think he's weird; he has a crush on his pen pal, who might not like him back; and his stepfamily doesn't seem to know what to do with him. Worst of all, Indu can't even talk to his mom about how he's feeling because she's so busy. In a moment of loneliness, Indu calls out to the moon, begging them to take him back. And against all odds, the moon hears him and

agrees to bring him home on the first day of the New Year. But as the promised day draws nearer, Indu finds friendship in unlikely places and must decide: Is he willing to give up what he's just found? (STL312560) (C: 0-1-1)

Nimona meets *Attack on Titan* in this edgy, unexpectedly hilarious, genre-defying young adult graphic novel. Being a samurai isn't easy. Sixteen-year-old Chihiro Ito knows that more than anyone. Her father is renowned among the samurai, but the only thing Chihiro is known for is spending way too much time on her phone obsessing over Tatsuo Nakano, Chihiro's idol and the first woman to be accepted into Keisi Academy, a prestigious samurai school. So, when Chihiro's father is conscripted for service and the opportunity arises to work with Tatsuo in his stead, Chihiro jumps at the chance to prove that she's worthy of a spot at Keisi Academy and the samurai title. Their mission: kill the yamauba demon terrorizing a village.

With a legendary samurai like Tatsuo by her side, Chihiro is convinced victory is inevitable. But Tatsuo isn't at all like the hero Chihiro imagined. Forced to work together, the two are thrust on a treacherous journey filled with epic battles and twisted conspiracies as they must put aside their differences to save the village and face the demons of the past. THE TALK GN

(W/A) Darrin Bell

Darrin Bell was six years old when his mother told him he couldn't play with a white friend's realistic water gun. "She told me I'm a lot more likely to be shot by police than my friend was if they saw me with it, because police tend to think little Black boys—even light-skinned ones—are older than they really are, and less innocent than they really are." Bell examines how "the talk" has shaped nearly every moment of his life into adulthood and fatherhood. Through evocative original illustrations, *The Talk* is a meditation on this coming-of-age—as Bell becomes painfully aware of being regarded as dangerous by white teachers, neighbors, and strangers, and thus of his mortality. Bell takes us up to the very moment of reckoning when people took to the streets protesting the murders of George Floyd and Breonna Taylor and when he must have "the talk" with a six-year-old son of his own. MANGILALUK: A GRAPHIC MEMOIR SC

(W) Bernard Andreason (A) Alan Gallo
After running away from residential school, Bernard Andreason and his two best friends begin a harrowing 130-kilometre journey from Inuvik to Tuktoyaktuk, one which only Bernard would survive. In this heartbreaking and beautifully told graphic memoir, Bernard recounts his time in residential school and the tragic journey that took the lives of his two best friends. We then follow Bernard as he returns home, haunted by his past and struggling to find his place. Despite enduring more challenges into adulthood, Bernard never stops pursuing healing and higher learning, and he finds a support network that helps him. His story shows us that the possibility of finding a safe and loving home exists, and it is something every child deserves.

ATTABOY™

ILLUSTRATED INSTRUCTIONAL BOOKLET

TONY MCMILLEN

AUTHOR/ARTIST: TONY MCMILLEN

"There's a video game from when I was a kid that no one else seems to remember."

Attaboy is an action-adventure comic disguised as an illustrated instructional booklet for a video game. The "byte"-sized hero is forced to avenge the destruction of his father and creator, Dr. Atta, by the sinister rebellious mechazoid Motherboard. However, the turn of each page unravels a much deeper story of pixelated thoughts, real world references, and heartbreaking truths.

"Delving into the long-established but largely under-explored connection between comic book narrative (particularly the one-time dominant superhero subgenre) and video games, **Attaboy dazzles with an unrelenting hypnotic rhythm and punk rawk visuals!**"

GAME OVER. ...CONTINUE?

AN INTERVIEW WITH CREATOR TONY MCMILLEN

Attaboy has a very distinct look and feel to it. Can you break it down for us?

I say it's like a slightly psychedelic but sneakily heartbreaking action adventure. It is presented in the form of a video game manual, with a narrator talking directly to the reader about the game within the story as if this was a non-fiction work, but then it pivots to being more autobio with the narrator bringing up their childhood.

What influenced this unique graphic novel?

I've been thinking of the lost art of the video game manual for a long time. I developed the idea of a little robot boy character akin to Mega Man, or Astro Boy, and eventually paired the character Attaboy with the video game manual framing device. But what really got the project off the ground was the realization I could use all of this elaborate decoration to tell a really personal story.

What is your personal connection to this story?

The unnamed narrator guiding us through the book is on a journey of rediscovery in trying to figure out the mystery of the *Attaboy* video game from their childhood and why no one else seems to remember it. Throughout the book, the narrator starts dropping hints about their situation growing up and how the game helped them cope in their broken home. It's all directly from my life, and the feelings that the character Attaboy experiences all mirror many of the feelings I've had over the years.

Lastly, who is *Attaboy* made for and what do you hope readers take with them after reading it?

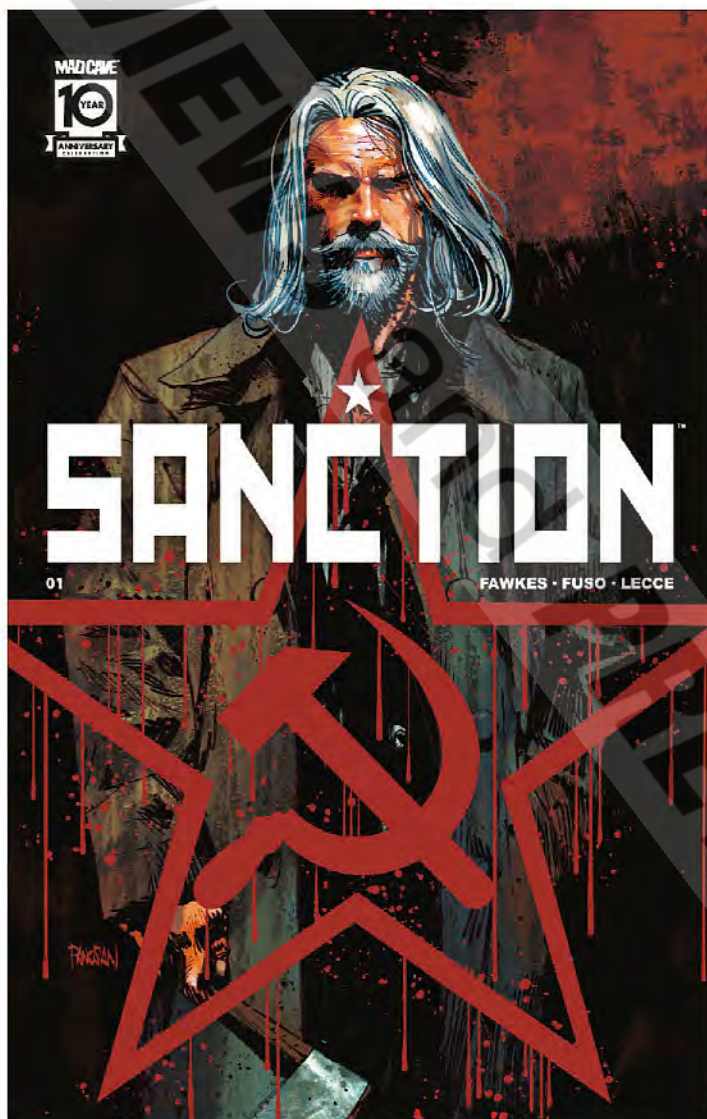

It's for anyone who grew up on old video games or comics. I hope the readers experience thrills, curiosity, heartbreak, nostalgia, hope, and joy!

GOOD: FROM THE AMAZON JUNGLE TO SUBURBIA AND BACK GN

(W) FluX, David Good (A) FluX

This is the story of the incredible journey of David Good, the son of an American anthropologist father and indigenous Yanomami mother who calls the Amazon rainforest her home. Overlapping the story of what David's mother's early years were like being raised in the rainforest, the book follows David from childhood to adulthood as he searches for identity, love, acceptance, and the one thing truly missing from his life—his mother. Growing up in a predominantly white population of the US without a mother or a deeper connection to his South American roots, David struggles with issues of identity and relationships. His and his mother's stories intertwine in a heartbreakingly beautiful climax when they are reunited in the jungle. Beautifully illustrated and co-authored by award winning artist and storyteller, FluX, *Good* is a vivid and breathtaking visualization of a highly unusual life's journey. (STL312450) (C: 0-1-0)

**RED HARVEST:
A GRAPHIC NOVEL OF
THE TERROR FAMINE IN
SOVIET UKRAINE GN**

(W/A) Michael Cherkas
Soviet dictator Joseph Stalin waged a brutal war against the Soviet peasantry leading to the *Holodomor*, the terror-famine that killed at least 4 million Ukrainians during the fall and winter of 1932-33. *Red Harvest* is based on the tragic events that took place in Soviet Ukraine and other parts of the Soviet Union from 1929 to 1933. Stalin and the ruling Communist Party began their program of forced large-scale collectivization of individual farms and farmers, including the seizure of livestock, farm implements, crops, seed stock, and other property. *Red Harvest* is based on true stories as related to the Ukrainian-Canadian author of Mykola Kovalenko, a Ukrainian immigrant to Canada, who was the only member of his family to have survived the famine. Henry David Thoreau was also the father of the concept, still fresh today (see all the recent protests), of "civil disobedience" which he used against slavery and the encroachment of government. NEW YORK REVIEW BOOKS

**SPIRAL AND OTHER
STORIES GN**
(W) Aidan Koch
For years, Aidan Koch's comics have been pushing the boundaries of the medium, helping reimagine what a comic can look like, and the kinds of stories it can tell. Koch has been living and working in the desert of California, turning her focus toward the ways humans and the natural world converge. *Spiral and Other Stories* is a triumph of that continuing process. Using watercolors, pencils, crayons, charcoals, and collage, Koch builds worlds of dense detail and vast open spaces, urgent scrawled text and long silences, telling a series of stories about people and the places they inhabit. With an accompanying essay by the author and critic Nicole Rudick, who explores Koch's craft and her move into environmentally focused comics, this is a showcase of Koch's mastery of the form of comics, as a medium that can contain astonishing forms and tell new stories for our uncertain times. WRITER JORDAN THOMAS
ARTIST/COVER SHAKY KANE

In the dry and dead future that's coming soon, all life belongs to Oppenheimer-obsessed billionaire Harvard Denny and his corporate scavengers from Smile, Inc., who pillage the wastelands in search of atomic contraband.

But when a hyper-advanced vessel of possibly alien origin crash lands on the outer edge of Denny's empire of neon-lit ruins, will it bring promise or poison to a distorted world?

As the race to acquire the ship's cargo begins, our fate will be decided by a masked bandit and the cold iron of his laser rifle. He knows no name, no home, no surrender—only the whispered hush of those in need who dare call him . . . THE MAN FROM MAYBE!

Give yourself over to an upside-down world where all mutants eat lead and all dinosaurs speak truth in the post apocalyptic epic of Western-infused action from rising star Jordan Thomas (*Weird Work*, *XINO*) and psychedelic warlord Shaky Kane (*Bulletproof Coffin*, *The Beef*)!

GOLDEN AGE CLASSICS: AMAZING MAN SOFTEE SC

(A) Bill Everett & Various

Amazing Man was the second superhero after Superman, to have a comic book named after him. Historians credit his creation variously to writer-artist Bill Everett and art director Lloyd Jacquet, founder of The Funnies Inc., although some credit may be due to Grace Everett, who helped with research. In 1914, an orphaned child named John Aman was chosen by the Tibetan Council of Seven and trained to be a superhero, both in mental and physical perfection. His powers include super strength, invulnerability and the ability to make himself disappear in a cloud of green vapor. When he turned twenty-five, after his final tests, he is sent into the world to combat crime and injustice, returning to America to become the heroic Amazing Man. Collects *Amazing Man* #5-19 (September 1939-August 1941). (STL312380) (C: 0-1-2) SC, 7x10, 184pgs, FC..... \$32.99

PRE CODE CLASSICS: THUN'DA, KING OF THE CONGO VOLUME 1 HC

(W/A) Bob Powell

First appearing in comics in 1952 and on film in Columbia Pictures serial "King of the Congo" starring Buster Crabbe. Thun'da was a fictional Tarzan-esque character scripted by Gardner Fox and originally created by artist Frank Frazetta, who left after the first issue and was replaced with Bob Powell for issue #2 who carried on the title until its demise after issue #6. Thun'da was Roger Drum, a World War II United States Air Force officer who was shot down while flying over a valley deep in the heart of Africa. He was captured by hostile ape-men but managed to escape and wandered through the valley, pushing his exercise daily to become a paragon of physical perfection with the help of Pha, the queen of the valley people, who worshipped him after he killed "the mother of all serpents" with his last three bullets. Collects *Thun'da, King of the Congo* #2-6 (1952-1953). (STL312386) (C: 0-1-2)

PS ARTBOOKS: CLASSIC SCI-FI COMICS SOFTIE VOLUME 7 SC

(W/A) Basil Wolverton

Basil Wolverton (1909-1978) born in Central Point, Oregon, later moving to Vancouver, Washington. He worked as a vaudeville performer and a cartoonist and reporter for the Portland News. Wolverton was a master in caricaturing the human face and body and his drawings have elicited a wide range of reactions; he even described himself as a "Producer of Preposterous Pictures of peculiar People who Prowl this Perplexing Planet." Preferring to work with pen and ink, Wolverton's lack of artistic schooling gave his drawings an otherworldly appearance. There was no other artist at the time who drew like him! Harvey Kurtzman felt "Wolverton never borrowed, never hacked, and he never shortchanged the public - Wolverton was an original." In 1991 he was posthumously inducted in the Jack Kirby Hall of Fame and in 2000 in the Will Eisner Hall of Fame. Collects *Amazing Mystery Funnies Featuring Space Patrol* (December 1939-September 1940), *Target Comics Month featuring Spacehawk* (June 1940-June 1941), and *Weird Tales of the Future* (June-September 1952). Cal Casas has a lot of problems—they're unhouseed, for one, and they can't get a specific jerk at work to gender them correctly, for two—but they've got things under control, for the most part. They don't need anything more than a tent and their temp construction jobs, drifting from place to place because they know they're not smart enough for much else. One thing they definitely don't need is to get chispa abilities to form structures out of inorganic matter on their 18th birthday. (STL312525)

GEORGE SAND: TRUE GENIUS, TRUE WOMAN GN

(W) Severine Vidal (A) Kim Consigny *George Sand: True Genius, True Woman* is a scrupulously researched and tenderly revealing biography of one of the great pioneering figures of 19th-century French literature. Born in 1804—at a time when women were deprived of their civil rights (along with minors, criminals, and the insane)—Amanthine Lucile Aurore Dupin grew up to defy those norms, both in her life and her writing. Adopting the gender-neutral pen name George Sand, and in a career lasting over forty years as a novelist and playwright, she is best remembered today for the affairs and friendships she enjoyed with men: the composer Chopin; the painter Delacroix; the novelist Balzac. (CA) Jack Kirby

In 1954, industry legends Joe Simon and Jack Kirby founded Mainline Publications to publish their own comics during that turbulent era in comics history. The four titles—*Bullseye*, *Foxhole*, *Police Trap*, and *In Love*—looked to build off their reputation as hit makers in the Western, War, Crime, and Romance genres, but the 1950s backlash against comics killed any chance at success, and Mainline closed its doors just two years later. TwoMorrows Publishing compiles the best of Simon & Kirby's Mainline comics work, including all of the stories with S&K art, as well as key tales with contributions by Mort Meskin and others. This collection bridges the gap between Simon & Kirby's peak with their 1950s romance comics, and the lows that led to Kirby's resurgence with *Challengers of the Unknown* and the early Marvel Universe. The *Best of Simon & Kirby's Mainline Comics* presents some of the final, and finest, work Joe and Jack ever produced! (STL256072)

FEATURED ITEM**ZOWIE! THE TV SUPERHERO CRAZE IN '60S POP CULTURE HC**

(W) Mark Voger (A) Various

Holy phenomenon! In the way-out year of 1966, the action comedy *Batman* starring Adam West premiered and triggered a tsunami of super swag, including toys, games, Halloween costumes, puppets, action figures, and lunch boxes. Meanwhile, still more costumed avengers sprang forth on TV (*The Green Hornet*, *Ultraman*), in movies

(*The Wild World of Batwoman*, *Rat Pink and Boo Boo*), and in animation ("Space Ghost," "The Marvel Super Heroes"). *Zowie!* traces the history of the superhero genre from early films, through the 1960s TV superhero craze, and its pop culture influence ever since. This history, in pop art colors that conjure the period, spotlights the coolest collectibles and kookiest knockoffs every '60s kid begged their parents for, and features interviews with the TV stars (West, Burt Ward, Yvonne Craig, Frank Gorshin, Burgess Meredith, Cesar Romero, Julie Newmar, Van Williams), the artists behind the comics (Jerry Robinson, Dick Sprang, Carmine Infantino, Joe Giella), and others. See how the creation of characters like Superman, Captain America, Spy Smasher, and Captain Marvel dovetailed with the early film adaptations. Along the way, you'll meet the stuntmen, directors (Spencer Bennett, William Whitney, producer Sam Katzman), comic book creators (Siegel & Shuster, Simon & Kirby, Bob Kane, C.C. Beck, Frank Frazetta, Will Eisner), and actors (Buster Crabbe, George Reeves, Lorna Gray, Kane Richmond, Kirk Alyn, Dave O'Brien) who brought them to the silver screen. (STL256070)

New Edition With 16 Extra Pages!
Marvel Comics in the 1970s covers Marvel's final historical phase: the twilight years of the 1970s, after the initial '60s wave of popularity pushed the company to the forefront of the comics industry, and made many of its characters household names. This full decade of pop-culture history saw Stan Lee's role as writer diminish as he ascended to Publisher, the stunning departure of Jack Kirby to DC (and his later return to Marvel), the rise of Roy Thomas as editor (and eventual Editor In Chief), and the introduction of a new wave of writers and artists who would expand the boundaries of comics beyond super-heroes, while planting the seeds for the company's eventual self-destruction. MAPLE TERRACE TP

(W/A/CA) Noah Van Sciver

From a multiple-award-winning cartoonist Noah Van Sciver comes *Maple Terrace*, a new autobiographical graphic novel. Based on the author's childhood, *Maple Terrace* unfolds a tale of big money comic-collecting craze of the early 90s as seen from the ground floor. In a time when super-heroes were oversized, adorned with massive guns, and countless pouches, comic books were currency! Young investors struggled to collect every cover gimmick under the sun—embossed-metallic ink-holographic foil—hoping they someday would pay for their college education. Brutally hilarious, *Maple Terrace* shines a light on the strange intersection between poverty and speculative comic book craze of the 90s. (STL312035) (C: 0-1-0)

(W) Patrick L. Hamilton

(A) George Perez

Born in the South Bronx to Puerto Rican parents, artist and writer George Pérez (1954-2022) cut his teeth in the 1970s as an artist at Marvel who worked on lesser titles like *The Deadly Hands of Kung Fu* and *Creatures on the Loose*, and then mainstays like *Fantastic Four* and *The Avengers*. In the 1980s, Pérez jumped ship to DC where he helped turn *The New Teen Titans* into a top-selling title and co-created *Crisis on Infinite Earths*, which marked the publisher's fiftieth anniversary and consolidated its sprawling universe. As writer and artist, Pérez relaunched DC's *Wonder Woman*, a run that later inspired much of the 2017 film. Though Pérez's style is highly recognizable, his contributions to comic art and history have not been fully acknowledged. In *George Pérez*, author Patrick L. Hamilton addresses this neglect, first, by discussing Pérez's artistic style within the context of Bronze Age superhero art, and second, by analyzing Pérez's work for its representations of race, disability, and gender. Though he struggled with deadlines and health issues in the 1990s, Pérez would reintroduce himself and his work to a new generation of comics fans with a return to Marvel's *The Avengers*, as well as attempts at Various creator-owned comics, the last of these being *Sirens* from Boom! Studios in 2014. Throughout his career, Pérez established a dynamic and minutely detailed style of comic art that was both unique and influential. (STL311036) (C: 0-1-1)

SHAOLIN BREW: RACE, COMICS, AND THE EVOLUTION OF THE SUPERHERO SC

(W) Troy D. Smith

Shaolin Brew: Race, Comics, and the Evolution of the Superhero looks at how the comic book industry developed from a white perspective and how minority characters were and are viewed through a stereotypical white gaze. Further, the book explores how voices of color have launched a shift in the industry, taking nonwhite characters who were originally viewed through a white lens and situating them outside the framework of whiteness. The financial success of Blaxploitation and Kung Fu films in the early 1970s led to major comics publishers creating, for the first time, Black and Asian superhero characters who headlined their own comics. Author Troy D. Smith focuses on Asian, Black, and Latinx representation in the comic industry and how it has evolved over the years. (STL311037) (C: 0-1-1)

COPYRIGHT VIGILANTES: INTELLECTUAL PROPERTY AND THE HOLLYWOOD SUPERHERO 1998-2018 SC

(W) Ezra Claverie

Copyright Vigilantes: Intellectual Property and the Hollywood Superhero, 1998-2018 explains superhero blockbusters as allegories of intellectual property relations. In movies based on characters owned by the comics duopoly of DC and Marvel, no narrative recurs more often than a villain's attempt to copy the superhero's unique powers. Since the 1930s, the dominant American comics publishers have treated the creations of artists and writers as work for hire, such that stories and characters become company property. Thus, publishers avoided sharing the profits both from magazine sales and from licensing characters into other media. For decades, creators have challenged this regime, demanding either shares of profits or outright ownership of their creations. Now that the duopoly rents, licenses, and adapts superheroes for increasingly expensive franchises, and for growing international audiences, any challenge to intellectual property relations threatens a production regime worth billions of dollars. Weaving together legal analysis, Marxist political economy, and close readings of movies, *Copyright Vigilantes* explains the preoccupations of Hollywood's leading genre. (STL311038) (C: 0-1-1)

LOKI: A BAD GOD'S GUIDE TO RULING THE WORLD HC

(W/A) Louie Stowell

Norse god Loki's been able to avoid eternity in a pit of angry snakes, but living on Earth as an eleven-year-old is still a drag. When Thor and Loki's "parents" abandon them to go on holiday, Odin sends Balder—Thor's half brother and god of making Loki look bad—to babysit. Then there's the school play. Despite Loki's acting genius (it's lying, after all), Thor is cast as the wonderful prince, while Loki is the villain. What?! At least Loki's found a cool ring to wear with his costume. One that looks suspiciously like the cursed ring of Andvari. It's probably a coincidence that when Loki wears it, everyone gives him the same adoring look they give Balder. And that new voice telling Loki to give in to his deepest, darkest desires is just his conscience, right? Loki starts to wonder: What's the point of being good if everyone's already decided you're bad? Drama and hilarity ensue in this third doodle-packed diary that will have readers giving Loki a standing ovation. (STL313404) (C: 0-1-1)

A WORLD WITHOUT END: AN ILLUSTRATED GUIDE TO THE CLIMATE CRISIS

(W) Jean-Marc Jancovici,

Christophe Blain (A) Christophe Blain

In this intelligent, eye-opening, and witty international bestseller, an eminent climate expert takes a graphic novelist on a journey to understand the profound changes that our planet is experiencing. The scientist, Jean-Marc Jancovici, explains the workings of superpowers and history; oil and climate; ecology, economics, and energy flows. He describes, in short, the world we live in today—a world whose future is deeply uncertain. The artist, Christophe Blain, intently listens and draws. As the pair come face to face with global

warming, they—along with Mother Nature and a cast of others—create a picture of what the solution to our predicament actually looks like. It's not just about switching to renewable energy sources. It's about rethinking everything: our energy supply, our economies, and our whole world. We're left with a vision of the future in which food, education, housing, transport, and communities—in other words, all of us—come together and, with a few technological fixes, work to create a world without end. ***Special* Merchandise / Model Kits**

To the delight of collectors and modelers, Atlantis Toy & Hobby reissues classic hobby kits from the 20th century in new editions, allowing them to build the kits they'd have to pay collector's prices to acquire. This month we're pleased to offer two classic model kits from the *Prehistoric Scenes* 1970s series. Produced as a companion series to Aurora's controversial *Monster Scenes* series, the *Prehistoric Scenes* series brought ancient creatures from different epochs together in snap-together kits. ANCIENT MAGIC COMES TO LIFE WITH DIAMOND SELECT TOYS' GOLIATH STATUE

M-19 ■ Diamond Select Toys

One of the key series in the television animation renaissance of the 1990s, Disney's *Gargoyles* has been a fan-favorite for nearly thirty years. Centered on a group of enchanted medieval Scottish gargoyles brought to the United States and reawoken, *Gargoyles* featured memorable heroes and villains. One of those heroes is the leader of the Manhattan Clan, Goliath, voiced by Emmy Award-winning actor Keith David. Diamond Select Toys celebrates the series with the *Gargoyles Premier Collection: Goliath Resin Statue*, depicting the gray-skinned gargoyle in a pensive moment atop a castle turret, his wings folded around him. Designed by Barry Bradfield and sculpted by Michelle Riley, this limited Goliath statue stands an impressive 14 inches tall. Summon him to your *Gargoyles* collection and let his enchantment defend your home!
